GIFT FOR PRINCIPAL - Laura Piazza, daughter of Mr. and Mrs. Bernard Piazza and senior of Bay High, presents Christmas gift to Donald Caldwell, principal, on behalf of students of senior high school Friday immediately prior to Christmas band concert in gym.

Teen Times

We're going to swipe a few ideas from a news release which arrived from Enid A. Haupt, editor-in-chief of Seventeen magazine. It's a little late to be effective Christmas '66, as we hope you've done all of these little tasks well before now.

It begins rather obviously saying that the world celebrates its 1966th Christmas this year, adding that many things have changed since that first star glowed; but the Gemini twins of caring and sharing still top the holiday tree. . . a very good reminder for young and old alike.

The very best suggestion of the lot seems to be to emphasize caring. Shopping lists, gifts, parties and the usual holiday hoop-de-doo are impossible without it. If you care enough to feel calm and collected instead of slightly chaotic, you'll get organized and be able to accomplish twice as much, even in a short time. If you haven't completed your shopping, remember to make a complete list, including who's who, and just how much money you have and intend to spend on each gift.

As for parties, this advice might be helpful to anyone planning a New Year's Eve. Our Enid says it's quite simple. . . just work backwards. Set the date, and because everyone else will be just as busy as you are during these festive days, get invitations out at least two weeks in advance. . . too late for that now. . . but it is a good idea. Be specific as to location and time. Don't forget that to mark RSVP, on your invitations or reply requested, is now socially acceptable. Include your phone number and be sure to specify the type of dress expected, formal, semi-formal, business and slacks or maybe jeans for a barbecue. . . The rest of the tale might just as well be ignored as it deals with food, drink and those minor details you little dears will leave for your old mommy to worry about.

Now on to more local stuff. Bay High's band concert was warmly received by the student body and visiting parents on Friday in the school gymnasium. The young musicians who really looked great in their new concert outfits, played beautifully.

Janice Michael Leiner, son of Mr. and Mrs. J.C. Leiner, a seventh grade pupil at North Central, spent last week in Jackson where he was a page in the state senate.

Cheryl Reul, who is Mrs. George George's niece, is due a belated birthday greeting. Cheryl, a freshman at L.S.U. in Baton Rouge, was 18 on Dec. 13.

Jeanne Lagorce is now helping Pam Smith help Mrs. Mollere at Brewer's Jewelry.

We are very proud of Melva Lutz and Roger Murray in their collection as Miss and Mr. Pearl River Junior College.

We won't even try to list all of the college students who popped in over the weekend to spend the holidays at home, but will just issue a 'blatant' welcome.

Bobby Carrier is in line for congratulations, having paraded lovely Holly Rush to become his bride.

We'd like to extend our sympathy to Greg Granello who, due to an attack of appendicitis could not make his second performance as Albert in Bye, Bye, Birdie on Sunday.

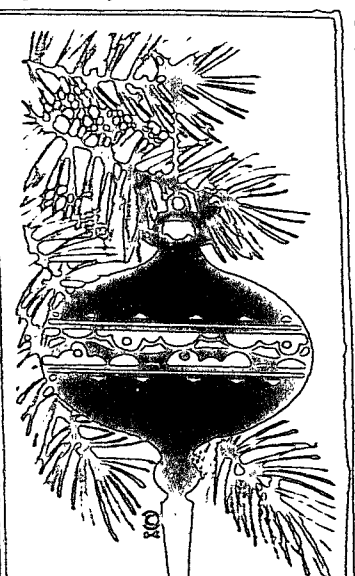

Which brings us to the formidable task of congratulating the whole cast and complimenting everyone on a job well done.

Monday was a great, big, blue-letter day at SJA. Fourth period English class produced exactly 32 lamenting compositions out of a possible 32. This doesn't go to prove much, except that whoever told Monday's were blue probably had a science class right before he said it.

Draft mental standards cut

National Selective Service Headquarters has notified Mississippi headquarters that effective Dec. 1, 1966, mental standards for the draft have been lowered. Mrs. Carl Leiner, secretary of the local board, reports.

All registrants classified 1-Y are asked to get in touch with the local board to update their file if they are eligible for a lower classification due to dependency.

Seehee vet to retire, to tour US

Arnold J. Butz of Waveland Ave., a clock clerk at Gulfport Seehee Butz for nearly 12 years, plans to retire at the end of this month after spending 38 years in federal service.

A native of Mississippi, Butz, who enlisted in the navy when he was 'barely 18'. He tried to re-enlist after he finished his 'bitch' but, in his words, "they wouldn't give me my old rate so I went to the Coast Guard."

He spent six years in the navy and nearly 19 in the Coast Guard. He was a civilian guard at the Port of New Orleans before going to the Seehee base.

Recalling the trip to the Coast Guard office, he said, "I'd always thought of the Coast Guard as riding a horse or motorcycle guarding the coastline. Imagine my surprise when I was sent to Boston Navy Yard to ship out on the destroyer USS Willard."

His scrapbook contains a Navy Day brochure, dated 1927, issued from the battleship USS Tennessee. It lists among the ship's officers several lieutenants and ensigns now serving as admirals.

He recalls that there were "about 500 civilian employees at the Seehee base in 1955 and a handful of military." Later the strength dropped to about 120 warehousemen and caretakers and four or five military. "Now we're booming and the pace is too fast for an old man like me," he said.

Mr. and Mrs. Butz plan to buy a collapsible camping trailer and tour the United States after he retires. He has spent a night in every state of the union, but Mrs. Butz has missed a few. "We'll fish where the water looks good," he said.

Somewhere in their travel plans is a trip around the world. Butz has visited "10 or 12" foreign countries but there have been some new ones added recently. He wants to see them.

Eventually the couple plan to retire on the Mississippi Gulf Coast.

They have three grandchildren, two great grandchildren.

Miss Becker elected prexy of legionettes

Mary Ann Becker was elected and installed as president of the (Lermont R. Bontemps Legionettes Monday at the home of Mrs. Clyde Craig.

She was elected and installed were Nikki Romanoff, vice-president and Sandra Goulet, secretary-treasurer.

On conclusion of installation ceremonies the girls donated a Christmas gift for their adopted orphan.

As her first item of business, Miss Becker issued an open invitation to any teenage girl with relatives in the legion interested in joining their group to call 467-6225 for information.

A Christmas Greeting Written in A.D.
By Fra. Giovanni

I salute you, There is nothing I can give you which you have not but there is much, that, while I cannot give you, you can take. No heaven can come to us unless our hearts find rest in it today. Take Heaven. . . .

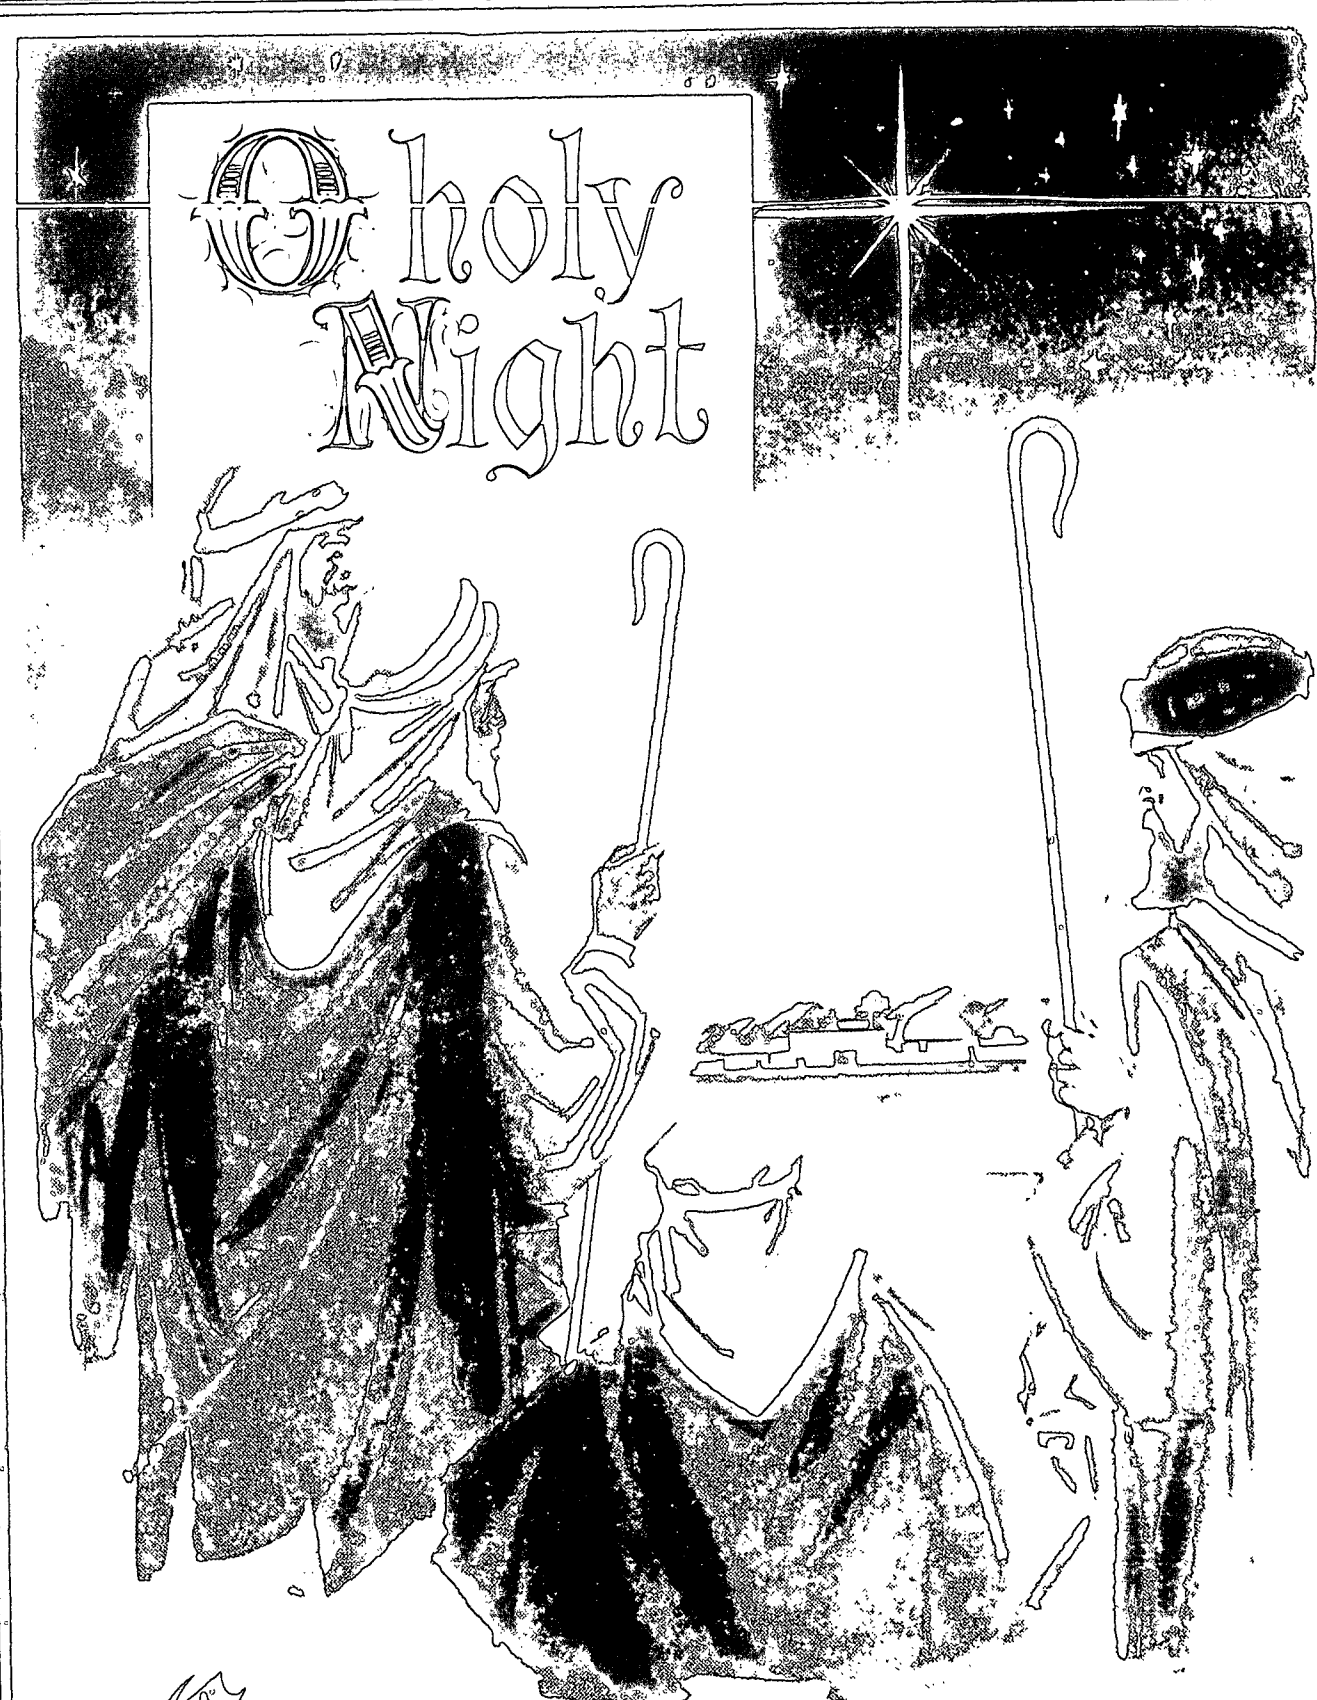

No peace lies in the future which is not hidden in the present. Take peace.

The gloom of the world is but a shadow; behind it, yet with in our reach is joy. Take joy. . . .

And so at this Christmas time, I greet you with the prayer that for you now and forever, the day break and the shadows flee away.

MTF safety council opens holiday drive

Sodality gift to be on display in Parish Hall

A defensive driving campaign to encourage and reward safe driving in four Gulf Coast area counties during the holiday season has been announced by the Mississippi Traffic Facility Safety Council.

The campaign is a part of the Christmas Spirit Safety Program underway in the area to reduce loss of life and property by fire, traffic and all types of accidents during the holiday period.

The cooperative campaign among communities surrounding the NASA test center extends from Dec. 19 through Jan. 2. Law enforcement officials of Gulfport, Harrison County, Long Beach, Poinciana, Bay St. Louis, Waveland, Hancock County, Poyon and St. Louis have been requested to participate by observing and citing drivers who operate their vehicles in a defensive, or safe, manner. The names of such drivers, or their vehicle license numbers, will be submitted to the program coordinator, Harry W. Menden, industrial safety manager for General Electric Co.'s support organization at MTF.

A 19-inch color television set will be awarded by the Safety Council to the driver whose name is selected in a grand prize drawing Jan. 6.

The Safety Council includes representatives from NASA, North American Aviation, Boeing Co. and General Electric.

Headstart program gets grant

Forest fire danger high at this time

The local Headstart program, serving approximately 100 pre-school children in the area, will receive an Office of Economic Opportunity grant of \$67,000 for the year ending June 30, 1967.

The grant was awarded by the U.S. Department of Health, Education and Welfare to the Headstart program at the St. Charles School, Waveland.

During the winter months, brush piles, or brush piles, are a fire hazard, especially in the area of the school. The danger is high at this time.

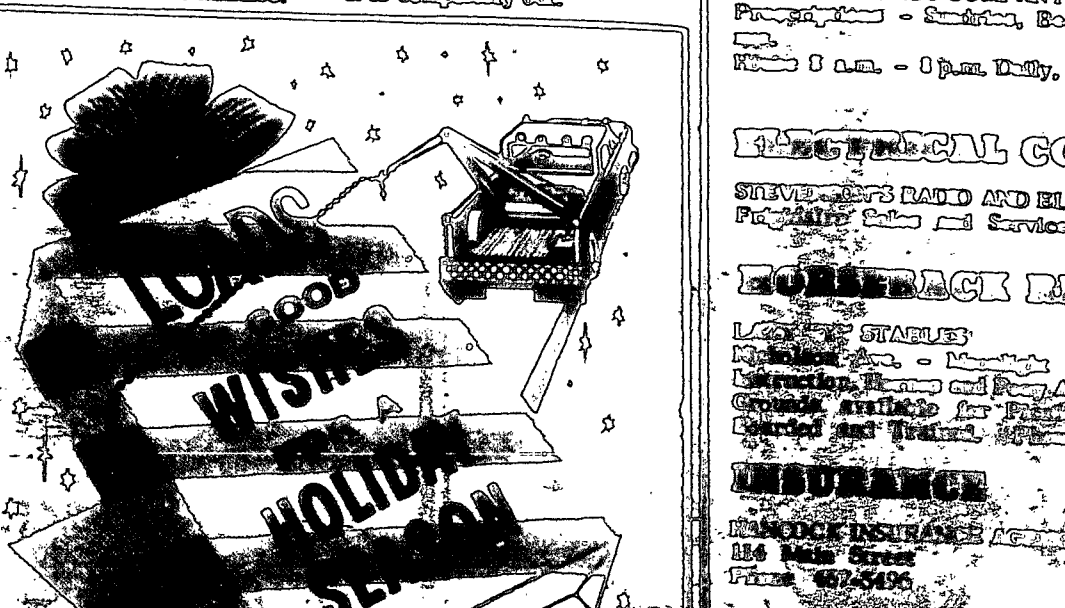

1. Fire, if not controlled, can spread rapidly and cause a loss of life and property.

2. Fire can cause a loss of life and property.

3. Fire can cause a loss of life and property.

4. Fire can cause a loss of life and property.

5. Fire can cause a loss of life and property.

DEPOT CHANGES HANDS - Now surplus to requirement, Louisville and Nashville Railroad depot at Waveland is given to town for use as museum by W. T. Dudley, division superintendent, second from left. Mayor Garfield Ladner, second from right, accepts deed on behalf of town and expresses gratitude of area for gift. Others participating are, from left, Eric Ellis, division freight agent and Bardin J. Dapitt, freight traffic agent.

Mrs. Moore is coast ceramic club president

Mrs. Chester Moore of Waveland was installed as president of the Coast Ceramic Club at its meeting Monday night at the home of Mr. and Mrs. Wayne Mabry in Gulfport.

Mrs. M.J. Broussard of Long Beach conducted the installation. Others seated were Faye Newland of Biloxi, first vice president; Eva Bartel of Gulfport, second vice president; Mrs. Wayne Mabry, club chairman; Ethel Ruesting of Gulfport, publicity; and Rose Marie Williams of Biloxi, secretary-treasurer.

Mmes. George Smith, Harry Davis and Coda Hatten were co-hostesses. A buffet supper was served and gifts exchanged among members and guests.

Side parties, Linda and Roger Wilshire welcomed around 70 guests at their cottee; and Peddi and Dave Johnson entertained at their Blenville Drive home the same night. Women guests received corsages, the men, small Santa Claus buttonieres. Some in attendance were Bobbie and Henry Magglo, Irma and Johnny Levens, Dae and Buddy Dodson, Nancy and Lucien Gex, Ann and Jay Howe, Tina and John Juniker and Carl and Boyce Mix.

Joe Burrow has all sorts of little goodies at Gulf National Bank; in addition to those tasty lollipops for kiddies of all ages, (the green are the best); but his canny little metal rulers have made a hit with young and old alike.

Carmen (Mrs. C.F.) Mitchell is just about packed and ready to take off for her Christmas.

Holiday fun

Jane (Mrs. Owen) Williams is having a much to be envied vacation. She's visiting Phyllis Farwell in Los Angeles, Cal.

Saturday night was apparently quite a night for Yule-

Wavelandia

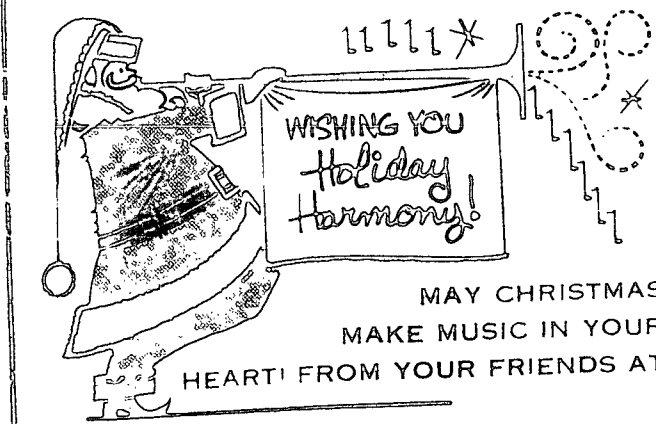

One part of the building will furnish much needed restroom facilities for those attending ball games, etc. at Elwood Bourgeois Memorial Park, where the building is to find a new home and it's also hoped a sort of museum will be developed. So anyone with pictures, writings, art objects, or just about anything dealing with early Wavelandia, is asked to offer same to the town when the building is completed. Won't it make a gorgeous setting for the depot painting hanging in the Town Hall? One more bit of credit should go to Bob Geiger who has for several years had just such a project in mind.

Nautical diary

Now let's catch up on some party stuff. There was much celebration following Leroy McFarland's election as new commodore of Bay-Waveland Yacht Club Friday night. We're

Feline found

Lost a kitty? Myrtle (Mrs. Jim) McArthur is another real cat lover when it comes to animals, and is having a heck of a time keeping a small black kitten out of the mouths of her two enormous dogs and off her wall-to-wall carpeting at the same time. The gentle kitten followed a neighbor's daughter as far as the McArthur's Ulman Ave. yard, then moved in. Even if the dogs viewed the newcomer a bit more kindly, the big tom cat, another family pet, would just about as many animals as they need at present. If anyone is looking for the lost one, or would like a nice, gentle feline, please call Myrtle at 467-7612.

So sorry to hear that Phyl and Jimmy Lagasse's lovely blue merle collie, Star, died last week of heart worms. She's sadly missed, but one bright spot...her daughter Angel, is expecting her first litter next month.

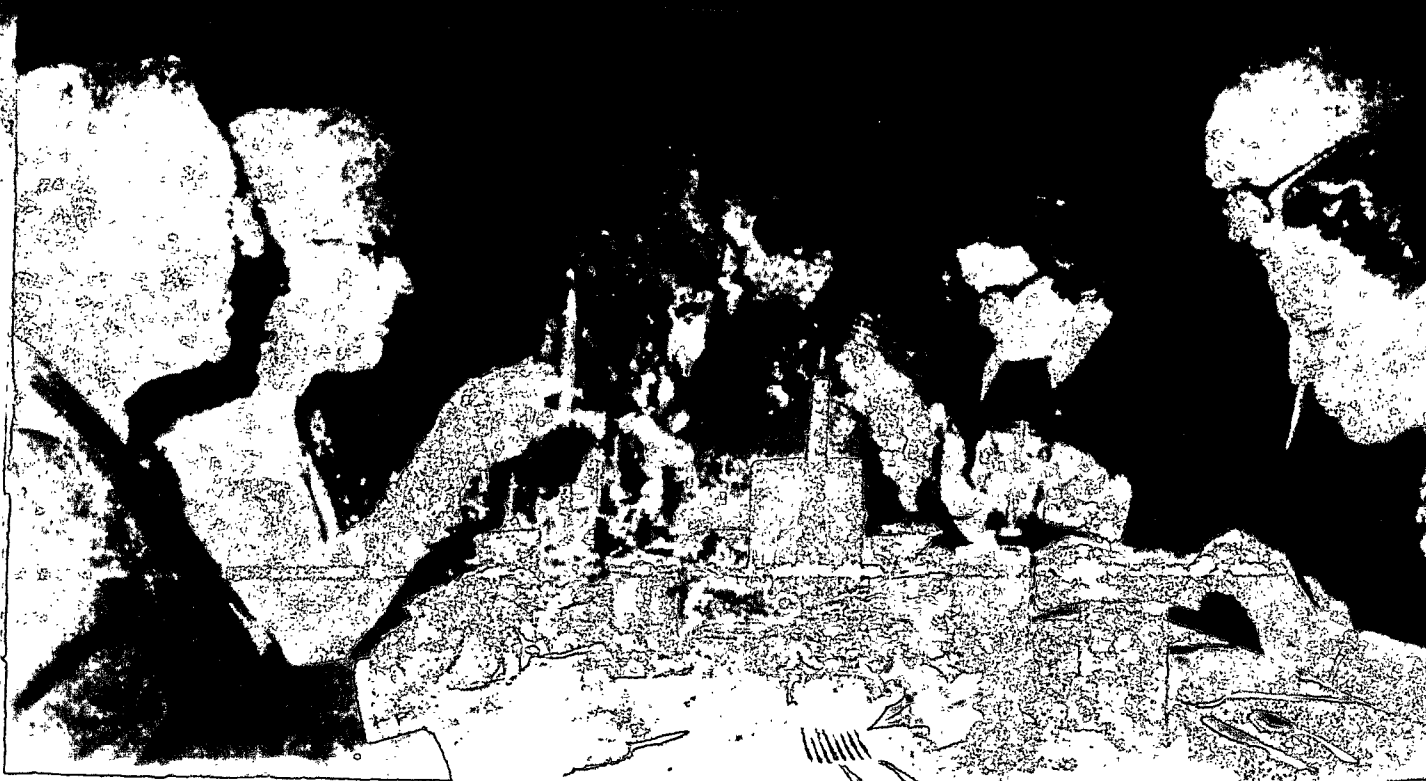

Changes made

It's hard to realize that Ruth and Jake Voltrath have been absent from Waveland for 12 whole years. Beverly (Mrs. Billy) Zimmerman was helping Louise Lynch at Waveland Drug over the weekend. Strictly a holiday stunt, as she's the secretary at St. Joseph Academy, when a customer casually said "Beverly, I need cigarettes". After he left, she suddenly realized that it was Jake, and that she was working at the store when they moved, first to California, then later to New York and he apparently didn't realize that she's not only been wed, had four little ones, and a new job, since the family moved away from the coast.

Gertrude Stanton has a great sense of humor and we loved the cartoon, which just might appear on the editorial page (we hope), on someone else's Street Eaters.

Lost return

When Frances Lavon's very welcome card arrived, we were suddenly aware that it's been a whole year since we've heard from her. Where are

ROTARY PARTY - Mr. and Mrs. Ray Gordon, left, discuss delights of menu with Mr. and Mrs. A. C. Mitchell,

right, Mr. and Mrs. Eleanor Gregor and Mr. and Mrs. Dix Achman on Wednesday at Rotary Christmas party in Bay-Waveland Yacht Club.

all those little cartoons you used to send us, friend???? Hazel (Mrs. Charles) Dahlia has arrived safely back in the states after her great around-the-world trip, and we hope she'll be 'home' sometime before Jan. 1, '67.

Ge-ripe corner

What with Christmas and all the happy thoughts, we had decided to just ignore this little item for once, but, after being forced to burn bacon, rush in from Lottie Ledner's lengthy clothes lines, ignore Little Cat, and get out of the bath tub twice, to heck with sweetness and light. Children will play... zoody, goody... but we've suffered through our own tortures... and deeply resent some four of five year old brut phoning for the dozzenth time and asking 'who're you?' Fun is just that, but our free hours are rare... and we can't help but wonder: where are the mammas of these precocious little ones when they're bugging our already beleaguered bits of brain? Unlisted phone numbers were at one time food for mirth... but we're about ready to toss in a towel. Help.

Around town

Jean and Gordon Gleim were so excited over the Beach paving, that they purchased a very sharp looking new maroon vehicle. George Georgi is birthday boy of the week, he was 39 again on Saturday, Dec. 17. Welcome to Waveland... the

Garry Lane family. Garry has been here almost a month now since becoming owner of Gulf Chevrolet, but his very pretty blonde wife, daughter, Sandra and son, Eric, arrived Friday to move into their new Whispering Pines home.

So determined were Linda and Tommy Kidd to be in their new Mollere Drive home they braved Saturday's deluges to get the job done.

Animal notes

A happy birthday wish goes to Ona Costello's dog, Beauty, who cuts her 16th cake this week.

Gene Remond is in line for a get well wish, he had an emergency appendectomy Saturday at Gulfport Memorial.

Jesse Marquez seems to be much happier recuperating at Gulfview Haven which is lots closer to home than Veterans in Biloxi.

A correction please... both Charlies, Richard and Peterson are patients in Gulfport Memorial... not Veterans Hospital.

Gripe corner

Never thought we'd be griping about slow drivers... but after months, now almost years, of battling the Street Eaters we have learned, along with most Hancock Countians, that in spots, creep one must, but crawl never! Moving at any speed less than 15-20 mph creates many more discomforts, such as out-of-line wheels, ruptured tires, mangl-

ed mufflers, and just plain bagging. —So, proceed with caution, but please, at least keep moving!

Our sympathy

There are no words at this time will in any way help to ease the grief of Ben Longworth's family, after his tragic death Friday. Maybe in years to come, they'll receive a little comfort from the fact that everyone who mentioned the accident had nothing but the best of memories of a very nice young man.

SIGHTS AND SOUNDS ALONG THE WAY - Santa Claus is neither dead, nor hiding in Argentina... he's everywhere... in store windows, on lawns, and stuck in a couple of chimney decorations, the loveliest, liveliest yet; aided by blaring carollines and heavy heavy pyrotechnics... the sound the same as last week, carols ringing out all over town... Merry Christmas.

...and Best Wishes TO OUR MANY FRIENDS And along with our fondest wishes, every wish will come true for you, we also extend our sincere "thank you" for your loyalty during this year.

Williams leads VCI's basketball scoring records

Statistics released this week by Valena C. Jones coach, Willie Bradley, show that Robert Williams is the school's leading basketball scorer for the year.

Williams has a per game average of 27.7 points followed by Larry Peters, 11.2; Clifford Pruitt, 8.8; and Harold Bell, 6.0. Bell has 17.5 rebounds and Pruitt 15.4.

Girls variety: Doree Price, 14.5; Elizabeth Williams, 13.1; Jean Dorsey, 6.6; and Jo Ann Williams, 4.6. Rebounder: Pearl Walker, 16.5, and Barbara Hawkins, 10.8.

St. Rose boys smother foe, girls beaten

St. Rose de Lima's boys' basketball team won their first two games with Poplarville.

In a thrill packed contest that found St. Rose boys winning 69-57 Maurice Simon was the high point man. In a return match, Maurice came through again with 27 of St. Rose's 101 points that overwhelmed Poplarville 42 points. Andrew Nash scored 22 points followed by Edward Lewis with 19 points and Andre Lizza with 15 points.

Carolyn Williams and Melanie Lizza with 11 and 10 points led St. Rose girls in a hard fought game which they finally gave up to Poplarville, 46 to 36, in the return match. Poplarville won 46 to 36.

Over Wiggins

VCI wins triple

Valena C. Jones Coach Willie Bradley breezed into our office Monday with a big grin - the Jones boys and girls won a triple-header over Wiggins last Wednesday in VCI's gym, their last games of the year.

Both variety teams are undefeated in conference play with 3-0 records while the boys are 5-1 for the season. Overall, the girls are 5-2 and the boys 4-3.

The junior variety beat the Lockers 40-25, the Tigers 40-11, but the Tigers had to overcome a 57-point one-man performance by Wiggins' sensational Robert Vanderbilt to win, 94-79.

High scorers for the junior variety, coached by David Hunter, were Sterling Ball, 21; Winston Whavers, 10; Freddie Terrell, 8 and Michael Lemuel, 6.

Doree Price paced the girls' variety with 17 followed by Elizabeth Williams, 10 and, Queen Sparks, 5. Defensively it was Pearl Walker, 15 rebounds and Barbara Hawkins, 12.

In the finale Robert Williams hit 36, Clifford Pruitt 24, Larry Peters 14 and Ernest Taylor 10 Harold Bell was top rebounder with 18.

New action for the boys and ladies will be Jan. 3 against Poplarville in Jones' gym.

Rocks bounced over defense at St. John

St. Stanislaus Rockchaws gave their coach Billy Murphy a Christmas present Friday night when they went to New Orleans and copped a double header from tough St. John Prep.

It was the sixth straight win for the boys and the third in four tries for the variety. Now 3-4 for the season.

The Rocks will rest for the balance of '66 but on Jan. 3 they hit the road for a double-header against St. Bernard High, one of the toughest schools in the New Orleans area.

Good Health & Long Life are Invisible Christmas Gifts
When the Three Wise Men, led by the star, came from the Orient to worship at the Crib in Bethlehem, they brought with them gifts meant for a King. Along with gold and precious stones, they brought medicinal and aromatic herbs and spices (such as frankincense and myrrh) then numbered among the world's most treasured possessions.
It is clear from Biblical writings that the early Hebrews prized the "vegetable drugs" very highly and they had great respect for the physician and the physician's assistant, the apothecary (pharmacist).
Beginning with the Book of Exodus, the Bible makes mention of these two "health team" members and of the methods they used to heal the sick. Bandages, applications of oil and of oil mixed with wine, salves, poultices, roots and leaves were the tools the Biblical physician used in order to practice his profession.
Fortunately, times have changed since then. Today's physician can count on hundreds of useful drugs to help him in his fight against disease. And, thanks to modern research, under your Christmas Star there's an invisible gift... health and long life.

Babson's '67 forecast to appear next week

Roger W. Babson, whose annual business forecast has been published by this paper for the last several years, has again made his predictions, this time for 1967.

His forecast will appear next week.

It predicts such items as possible deflation in the midst of inflation, the coming tax squeeze, looting in the war on poverty and a crisis in home building.

Other topics include, sudden

peace or bigger war, bonds on the bargain counter, price and wage controls, soaring living costs, a stalemate in congress, inventory liquidation, a crossroads for labor, a rise in unemployment and the importance of gold.

An internationally-known business commentator and investment adviser, Babson's philosophy includes his lifelong insistence on the importance of both religion and advertising in business.

Born and reared in the old-

fashioned atmosphere of hard work and hustle on a farm in Gloucester, he turned instinctively to financial and business activities after being graduated from the Massachusetts Institute of Technology.

He founded the Babson Institute for Men; and, in cooperation with the late Mrs. Babson, developed Webster College for Women - both nationally-known educational institutions. He also founded the Midwest Institute of Business at Eureka, Kan.

His weekly reports are used by over 400 newspapers and his financial reports by 20,000 corporations and executives.

It is said that Babson has probably done more than any other man to create interest in business problems, and in still a broader vision in businessmen, enabling them to meet

the up-and-down of the business cycle.

Bridge revenues

for Nov. told

More than a quarter of a million automobiles crossed the Bay St. Louis and Pascagoula sister highway bridges during November to bring a total of \$66,430.75 into the toll boxes.

By breakdown, Bay St. Louis shows a total of 289,420 vehicles of all types passed through the toll gate in the period for a total revenue of \$37,979.65. Pascagoula showed \$77,939 and \$67,121.30 respectively.

Total vehicle and revenue figures for the two locations to Nov. 30th, are, Bay, 34,931,098 and \$9,290,594.25 and, Pascagoula, 38,144,433 and \$9,116,968.63.

World customs portrayed in county Yule pageant

Christmas around the World was the theme of this year's Christmas program presented by the students of Amundson School, Kila.

The performance was narrated by Beth Pavre, who introduced the presentation and delivered a short explanation of each country being visited.

First grade students opened the event with two Christmas songs and a poem, designed to explain to parents how they should prepare for Christmas. The second and third grades followed with the German song, Jolly Old St. Nick.

The fourth and fifth grades presented an Austrian dance and the sixth, seventh and eighth, a Christmas pageant. This portrayed the many customs coming to adorn the Christ-

mas story in the year in Bethlehem.

Last Wednesday, at the final Parent-Teacher Assn. session of the year, Sister Clara Francis, principal, thanked all parents for their cooperation. She noted the recent improvements in the school, such as the new blackboards, lighting, library and doors, all made possible by the efforts of groups.

Private Miss. Idyll Proves Nudism Nothing Naughty

JACKSON, Miss. — Mississippi's Supreme Court without taking a stand on the benefits of sunbathing Monday nullified the conviction of a woman for practicing nudism at her George County woodland home.

An indecent public exposure charge had been draped on Mrs. Roy C. Pendergrass, who was alleged to have been found in the natural state sunbathing herself by a part-time Baptist minister.

The minister, Rev. Dennis McDonald, according to the evidence, had gone to the Pendergrass spread to woo the Pendergrasses as church followers for his flock.

To get to the Pendergrass idyll in the pine trees, McDonald had to pass "no trespassing" signs, another reading, "blow your horn to enter" and to lift the latch on the gate barrier.

When he found Mrs. Pendergrass in the altogether, the proof showed it sometimes minister (other times a ship-fitter) spent nearly 45 minutes trying to bring the Pendergrass family into his fold.

Justice Tom P. Brady, recounting the events, said the reverend, though shocked at first glimpse, regained his composure quickly, and according to his own account "went with the purity of mind and left with the purity of mind."

On behalf of the Supreme Court, Justice Brady said he was puzzled "why Rev. McDonald did not immediately turn around and leave" when he found Mrs. Pendergrass at fresco.

The Pendergrass family admitted they were members of the American Sunbathing Assn., a national nudist organization.

In the lower court trial, said Judge Brady, they were not able to get into the record the beneficial effects of sunbathing and fresh air on the body.

But the court said the justice was not perturbed over that part of the issue. "We are not concerned with the therapeutic or aesthetic values, if any, of nudism or sunbathing."

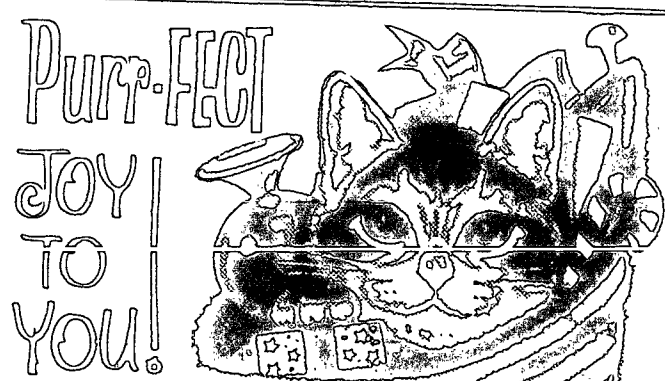

he wrote "Only assignments of error are our concern."

It was error, he said, that the prosecution accepted the fact Mrs. Pendergrass' sunbathing was done in public.

"The proof . . . discloses that the exposure did not take place on Road 307 in front of the Missionary Baptist Church but took place on the private property of Roy C. Pendergrass, which consists of approximately 145 acres of land located about one-fourth mile from Road 307 and the Missionary Baptist Church."

Further, said the judge, there was no proof that Mrs. Pendergrass willfully and lewdly exposed herself to McDonald and his two young children who accompanied him on the visit.

All justices of the court joined in supporting the Brady opinion reversing Mrs. Pendergrass' conviction and discharging her from jurisdiction of the court.

Good wishes from our entire staff.

County airport gets FAA matching grant

LIGHTING WINNER - Hancock Insurance Agency won Christmas business lighting contest sponsored by Bay-Waveland Garden Club. Judging entries Monday night were Mmes. John McKenna, George Rannenberg and Harold Battalora. Mrs. Felix Seeger was contest chairman with Mrs. Andre Arceneaux vice chairman.

Confirmation of a \$349,030 Federal Aviation Agency matching funds allocation for use in constructing the Hancock County airport, was received Tuesday from the office of Congressman William M. Colmer, Washington. The funds are to be used during the present fiscal year ending Jan. 30, 1967.

The funds have been earmarked for acquisition of lands, clearing and grubbing; construction of a north-south runway, aprons and connecting taxi-way, turn-around, entrance road and fencing.

The amount is about half of the \$670,000 requested from the agency for construction of the proposed jet-age airport north of Kiln.

Dr. Andrew K. Martinich, Jr., president, Hancock County Port and Harbor Commission, said, "We expect the balance of funds requested will be allocated to our project in their (FAA's) next year's budget."

County matching funds, required under the terms of FAA grants, formed part of a \$1,750,000 bond issue obtained by the port group last March. The rest is to be employed to execute the first phase of the Mulatto Bayou port project.

The present federal allocation amounts to more than half of the total funds given to all such projects within the state. Other grants are Columbia, Columbia-Maryland County, \$45,240; Europa, \$68,000; Madison, Bruce Campbell Field, \$80,000; Meridian Municipal, \$42,680; and, Quitman, Clarke County, \$48,000; for a combined total of \$283,920.

Rep. William L. Springer of Illinois, senior Republican on the House Commerce Committee, said he understood the agency (FAA) received an unprecedented number of requests for funds. These requests called for almost four times the amount of money available, he said.

Allocations were based on the urgency and degree of need (Cont. on Page 5-B.)

Street fix opens route to Waveland

Reurfacing of Union Street to the first stop in giving motorists an easy access to Waveland via Central Avenue, Mayor John Scalfie announced this week.

The plan is to move along Union to Blaine Avenue, thence along Blaine and Third Street to Washington, out Washington to Central and along Central to the city limits with Waveland.

After that crews will go to the Washington Street bend on Old Spanish Trail for a short area, then to the Trail and St. Francis Street to Dubois Avenue. Paving is planned on Dunbar to Felicita.

Rate of progress will depend on the weather—temperatures, sunshine and rain, the mayor cautioned.

The city in its arrangement to use county equipment is also trying to keep the beach road passable where improvements are pending as a result of Hurricane Betsy in September, 1965.

Mayor Scalfie announced that W.W. Webb, Chamber of Commerce president and county Republican chairman, has volunteered his services to oversee crews working on the paving in cooperation with the city engineer, Webb is serving with no remuneration.

Merchants to rest Dec. 26

Random checking of local and business firms and services in the Bay-Waveland area revealed almost all will close Dec. 26. Exceptions were mostly drug stores and a few groceries.

Clothing and wearing apparel merchants slated to close are, Ramsey's, Delphi's, Anthony's, Bill's Dollar Store, and Vickie's while Lulich Dept. Store will be open during regular business hours.

Truck, train crash kills 1

George Longworth, proprietor of the Nicholson Avenue crossing, was killed Sunday when his pickup truck was involved in an accident with a freight train.

Longworth, proprietor of the Nicholson Avenue crossing, was killed Sunday when his pickup truck was involved in an accident with a freight train.

Longworth Construction Co., was pronounced dead on the scene by Dr. M. L. Dodson of Waveland. His truck was hit by the Louisville and Nashville Railroad train Extra 1603 north, a freight with 120 cars, 58 of which passed the point of impact.

Sheriff Sylvan Ladner and Waveland Town Marshal Fred Bourgeois said the vehicle was knocked into three pieces which were thrown about 100 feet down the track embankment.

Engineer of the train, H.D. Crabtree, 2117 De Sire St., New Orleans, told investigating officers the Longworth vehicle began to move across the tracks when the train was only a few feet away. Emergency brakes were applied but almost half of the train passed the point of impact before being brought to a halt, he said.

The 1964 half-ton was loaded with plywood, carpentry tools, building material and paint at the time of the accident.

County school income

Hancock County School Board is in the process of an income tax plan for a school year beginning in July.

Philip Phillips, board member, said the board is in the process of an income tax plan for a school year beginning in July.

The plan is to move along Union to Blaine Avenue, thence along Blaine and Third Street to Washington, out Washington to Central and along Central to the city limits with Waveland.

After that crews will go to the Washington Street bend on Old Spanish Trail for a short area, then to the Trail and St. Francis Street to Dubois Avenue. Paving is planned on Dunbar to Felicita.

Senator to seek hurricane study

Senator John Stennis has notified the Hancock Chamber of Commerce he will introduce a resolution before the Senate Public Works Committee regarding the Army Corps of Engineers to make another study of hurricane protection needs along the Hancock County coastline.

The senator wrote W.W. Webb, chamber president, "I think recent extensive damage inflicted by Hurricane Betsy certainly warrants another study of this problem."

He enclosed a letter from Col. S.W. Pinnell, assistant director of civil works for Atlantic divisions of the Corps, asking authority for a new study would have to come from the Senate of House Public Works Committee.

The Corps of Engineers

made a hurricane study about a year before Betsy, weighing construction of levees, seawalls and tidal barriers, but no protective structures were found economically feasible at that time. In fact, it could be some such structure adversely affected property values, aesthetics, etc.

Colonel Pinnell said that report is before the Bureau of the Budget for comment prior to submission to Congress. He noted emergency measures now in progress under Public Law 875 as a result of Betsy's damage.

At its board meeting Monday night, chamber directors also heard committee reports, adopted a resolution on railroad crossings, nominated a member for the regional planning (Cont. on Page 4-B.)

In Waveland

Pay hike granted, sewer aid refused

The town's laborers are to get a raise but financing the proposed sewerage collection system is likely to be a local project.

These two facts highlighted Waveland Town Council's recessed meeting last Thursday night.

Street and garbage collection workers got a 10 cent pay hike—to \$1.60 an hour—and the foreman's pay is fixed at \$300 a month. A 5-cent raise went to waterworks employees, putting them at \$1.75 an hour. Both are retroactive to Dec. 1.

In addition, \$25 a month raises were voted to Mrs. Paul Henley and George Stelz, both office workers.

Word came from the U.S. Department of Housing and Urban Development that the town's application for a federal grant for its sewer system has been turned down.

The department explained it had completed an exhaustive study of the many applications for aid it had received in an

effort to assure the most equitable distribution of limited funds. It cited the need for comprehensive planning in areas where aid is sought, regulations on the urgency of need, economics of the area, etc., to meet national objectives for distribution of money.

In the preliminary inquiry to the department last June, the town sought a \$942,297 grant—\$382,180 for collection and \$560,117 for treatment. The application first went to the Economic Development Administration of the Department of Commerce, then to the Farm and Home Administration which threw it back to the town, referring it to the Department of Housing and Urban Development.

Estimated total cost of the project is \$1,684,415. A \$177,000 grant already has been approved and is still available from the Water Pollution Control Board for the treatment plant. Study of other possible sources of federal aid is continuing but indications are that

most of the balance will have to come from local funds.

Town Council restored the \$25 a month contribution to the National Guard cur at the previous week's meeting. Motion (Cont. on Page 5-B.)

Hospital doors close on personnel problems

Hancock General Hospital trustees went into secret session again last Wednesday night to discuss "personnel problems."

The motion to exclude the public was by Beat 5 Trustee T.T. Reboul, seconded by the new Beat 4 member, Wesley Haas. There was no dissent. One spectator, Charles Gottschalk, protested "this and all other executive sessions are not to the benefit of the citizens of Hancock County." The executive session continued at least 30 minutes at the close of the meeting.

On the recommendation of

Administrator H.J. Blackledge to curtail expenses, the board voted to close the telephone switchboard at 6 p.m. starting Jan. 1. If the medical staff concurs it will not require patient care.

Blackledge noted the office is now open from 8 a.m. to 8 p.m. and the new minimum wage law goes into effect Feb. 1. A check of other hospitals in the same bed range showed their latest closing hour is 6 p.m. He added that few hospitals have telephones in every room.

The administrator noted that (Cont. on Page 5-B.)

Home face of Santa--the mail man

OF SANTA - Each Christmas postoffice is decorated with festive decorations. Santa Claus is a favorite character of children. Scenes in Bay St. Louis postoffice are, from left, truck load of mail bags arriving and being unloaded by Sanford Green; Charles Schaefer sorting rural route mail; Frank Taconi and Warren

Bushler tagging mail for citypostrans; Donald Curvan separating parcels for his city run; and, Postmaster Andy Schaefer helping rouzemen Curdo Lohmer load his delivery van. For

could mail this year to 1000 persons. He said his office had 40,000 four cent stamps, 20,000 one cent stamps, and 183 rolls of 100 cent and 1,000 cent stamps.

NIGHT OF MIRACLES - Christmas Concert, Night of Miracles, by John W. Peterson, being sung by joint choir of Christ Episcopal Church and Main Street Methodist Church on Sunday at Methodist Church. Event, under direction of Owen Williams, was assisted by members of all faiths. Organist to Mrs. William B. Whitfield and pianist, Mrs. Carl Smith.

FINAL ASSEMBLY - Christmas concert Friday at Boy High School marked last occasion grades nine to twelve would attend joint function. Grades 10 and 12 will move into new school early in 1967 and grades nine will be joined by grades seven and eight from North Bay to form student body of new Junior High school.

'YES, VIRGINIA', EDITOR'S CLASSIC ANSWER LIVES...

"Dear Editor - Some of my little friends say there is no Santa Claus..."

VIRGINIA, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Virginia, whether they be men's or children's, are little. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no child-like faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light which childhood fills the world would be extinguished.

Not believe in Santa Claus? You might as well not believe in fairies! You might get your papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus but, even if they did not see

Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there. Nobody can conceive or imagine all the wonders there are unseen and unseeable in the world.

You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, nor even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view and picture the supernal beauty and glory beyond. Is it all real? Ah, Virginia, in all

Millie R. Hunt

Millie R. Hunt, 72, a former resident of Galveston, Texas, died Tuesday in Biloxi Veterans Administration Hospital where she had been transferred on Monday. A retired telephone operator, she was a native of Tyler, Texas, and served in the U.S. Army during World War I. She is survived by a sister, Mrs. Sarah Masick of Memphis, Tenn. Services were at Roman's Chapel, Galveston and interment in Elmwood Cemetery, Memphis.

Emory James Jacobs

Final rites were on Sunday for Emory James Jacobs, 84, native and lifelong resident of Bay St. Louis, who died Tuesday in the home of his daughter, Mrs. Lottie Mae Smith, at New Orleans.

Funeral services were at Volcan C. Jones Methodist Church with Rev. C. Gilbo, pastor. The world there is nothing else real and abiding.

No Santa Claus! Thank God he lives, and he lives forever: A thousand years from now, Virginia, say, ten times ten thousand years from now, he will continue to make glad the heart of childhood.

FIRST AMERICAN Volo celebrated

The first "true" Christmas in America was celebrated three-hundred and forty-four years ago, in Jamestown.

Survivors are two daughters, Mrs. Smith and Mrs. McGee, both of New Orleans; three nieces, Mrs. Ann Claggett, Mrs. Gracelynn Lewis both of Chicago, Ill., and Mrs. Velma Claggett, Bay St. Louis; a brother, Irvin Jacobs, La Placa, La.; and several grandchildren. He was a member of the One Hundred Men's Society.

Funeral arrangements were by Imperial Funeral Home, 235 Washington St.

E.C. Worthing, Jr.

Elmer Charles Worthing, Jr., 43, father of Mrs. David Threlkeld and brother of Mrs. Robert P. Adams of Bay St. Louis, died Monday morning at his home in Amarillo, Tex., after suffering a heart attack.

The remains were sent to Columbia Tuesday where burial was Wednesday in Riverside Creek Community in Marion County.

Mr. Worthing was born Dec. 12, 1923, in New Orleans. He served in the Air Force during World War II and retired two years ago with the rank of major.

Besides Mrs. Threlkeld and Mrs. Adams, surviving are his wife, three sons, another daughter, and grandchild, his mother, Mrs. Charles Worthing of Columbia, and another sister, Mrs. Oliver Douglas of Mobile.

S-11-1 to roar this afternoon

The second flight acceptance test firing of the S-11-1 second stage Saturn V-Apollo booster component rocket, now on its way to the Mississippi Test Facility, should take place this afternoon.

All systems were repaired "in place" yesterday. So, having no further development, the shot is on.

The S-11-1 flight fired was first fired Dec. 1 for an estimated 24 seconds. During that time more than 600 measurements were taken. Then, when later run through the computer system, in a simulated firing, proved that the rocket was fulfilling its intended role as the Saturn V, performance could have justified its construction.

"A lunar shot employing this stage would have been a success. All performance data obtained showed the stage fired well within the specifications

set down by the National Aeronautics and Space Administration," Mack Herring, public relations officer, said.

On Saturday Herring said the facility personnel intend an all-out effort to get the S-11-1 booster ready for its second firing. The component, the first stage of the Saturn V, will be used to test the second stage, the big booster having already been successfully fired at Huntsville. It is scheduled to be fired Jan. 27 and, if all goes well, will be replaced by a flight version, the S-11-4, shortly thereafter.

EDA AID REFUSED

A 151,150 application to pay for work in connection with the Waveland County Airport has been turned down by the Economic Development Agency, Washington. EDA officials said the county no longer qualified for such assistance and it had been removed from the list of counties suffering from excessive unemployment or under-employment.

ANNUNCIATION CHOIR

The children's choir of Church of the Annunciation at Kila will present a program of Christmas carols at 3:30 p.m. Saturday, Dec. 24, over radio station WRJW, Piquette.

An funds required for the purchase will be forthcoming from federal sources, trustees placed the bid under advisement to ascertain the lowest and best bid on the several items advertised.

Bids were received from Martin School Equipment Co. and Central School Supply, both of Jackson; Frederick Post Co., Chicago; Jackson Blue Print Co., Jasper Ewing and Sons, and Neely Blue Print and Supply Co., all of Jackson; L.L. Ridgway Enterprises, Inc., New Orleans; Jim Tru and Co., Inc., Gulfport; and Pass Road Blue Print, Inc., Biloxi.

Fred Wagner, architect, reported their general contractor, Roy Anderson, Jr., of Gulfport, had completed all work and was due final payment.

"The people of this county can be proud of their school board and these buildings," he said.

Also due, Wagner reported, was final payment to Suter Weld Works for work at Pearlington and Gulfview.

Trustees postponed payment pending verification of final documents from their attorney. Weaver and Sons, Inc., of Gulfport submitted for upkeep of the new schools by forwarding two school maintenance manuals.

A committee of two, Trustees Charles Hill and Eric Loran, will investigate the Hancock North Central Elementary School roof and report back to the board at its next session at 5 p.m. today.

The roof again needs repair and the question to whether it will be more economical to re-roof the entire structure as opposed to continuing with the present system of repairs.

North Central School Superintendent Chester H. Blalock reported on transportation and said he expects the new school buses to be obtained over the holidays. Five will be employed on routes out of North Central and one in the southern part of the county.

Following a new procedure established by the State Education Dept., Blalock also presented three decision reports. He told trustees they must record these reports in their minutes and forward any recommendations for payment to Jackson. Of the three claims, two were disallowed and one held over for further investigation.

As a final item trustees approved payment of claim document No. 935 to 1019.

commissioner's advisory committee and discussed reevaluation and equalization of assessments.

Ames Kergsten, membership, said his group is planning a session soon and its anticipates a membership drive to begin around the second week in January. Mrs. Wayne Ducomb, area development, said her committee had planned beautification measures for about 10 miles of highway and is working on obtaining some of the Mississippi Test Facility buffer zone area for recreational facilities and parks. She said they had contacted the State Parks and Highway Commission, International Paper and The National Aeronautics and Space Administration in this regard.

Gerald Cox, attorney, was instructed to write the Louisville and Nashville Railroad on placement of warning lights on railroad crossings. The motion by Fred Hoagland, seconded by Russell Chapman, called for the chamber to insist on the railroad making such installations on dangerous crossings.

Nominated by Cox, the directors named Mrs. Cox to serve on the regional planning advisory committee. They also called on the Mississippi Economic Council to undertake a study of reevaluation possibilities in the area. This the council had done in other places and the motion for their consideration was advanced by Wayne and Meade Committee Chairman Herbert Connally.

Similar rites will be at St. Ann's in Clermont Harbor and St. John's in Labadie. St. Rose de Lima Church will have confessions at the same hours as at St. Clare's.

Main Street Methodist Church held its annual White Christmas ceremony Wednesday, following a brief program, members took white wrapped gifts to the altar, for later placement in baskets of the less fortunate. Church school and Sunday worship will be at the usual 9:45 and 11 a.m. on Christmas day.

Under Protestant churches, First Presbyterian Church,

Mrs. John Gleson

Funeral arrangements were announced Wednesday for Mrs. John Gleson, 74, who died at 8:15 a.m. on Dec. 21, at Hancock General Hospital after a brief illness.

Mrs. Gleson, the former Marguerite (Maggie) Carter, was first the wife of the late Edward Fayard and later the widow of David Miller. She was a lifelong resident of Waveland and a member of Waveland Baptist Church.

In addition to her husband, survivors were son Edward Fayard, Jr., of Waveland; two daughters, Mrs. Marguerite Warren, also of Waveland, and Mrs. Davis Jones of New Orleans; 12 grandchildren and 25 great-grandchildren.

Wife services were at 6 p.m. Wednesday at St. John's Episcopal Church, Waveland.

Allan H. Johnson

Final rites were yesterday in New Orleans for Allan H. Johnson, 60, proprietor of Johnson Realty Co., there and well-known Waveland County real estate developer. He died Tuesday in Toure Infirmary, New Orleans, following a brief illness.

Mr. Johnson was the owner and developer of Waveland Shopping Center and resided part time on his farm on Jordan River.

In 1908 he founded the Johnson Realty and Securities Co., which developed projects in Louisiana, Mississippi and Alabama. He specialized in subdivision development and land reclamation and was the originator of Pass Christian, La.

Mr. Johnson was elected a Louisiana state senator and authored the state law mandating real estate operators. He served on the Louisiana committee since 1940 and was a life-time chairman.

Survivors are his wife, the former Marie Scratchley, a son, Allan H. Johnson, Jr., and four grandchildren.

He was born on Mt. Airy Plantation in St. James Parish, La. His wife's direct descendants of Pierre de Chauvin, an early Louisiana settler and plantation owner.

Interment was in Metairie Cemetery.

First Baptist Church, Waveland, and St. John's Episcopal Church, Waveland, will hold a memorial service at the time of their usual Sunday celebration.

School district tax use to be revised

has caused the school district tax use to be revised. The commission said he did not believe U.S. 90 would be included at this time since a special study was made of that area. However, the percentage of assessment might be changed.

The reassessment of business and land on the highway was the first step in the program to broaden the tax base. At that time, Commission Council said the rest of the school district would be covered for fiscal 1968.

Current assessment of the entire school district is about \$14 million, including automobiles, public utilities, real estate and personal property.

Funds given for Bayou Caddy aids

Funds have been made available to survey advisability of providing improvements to navigation at Bayou Caddy, Congreman William M. Colmer has notified by the Mobile District of the U.S. Army Corps of Engineers.

A public hearing is planned to examine desires of local inhabitants on improvements, he said. The Engineers will give 30 days notice of the hearing date.

Colmer noted he has worked on the project for many years and is confident it will now be consummated.

Sewer tie-in compelling notice is due

City Commission Council will give formal notice within the next two weeks that householders will have six months to tie into the new sewer lines under the sewer compelling ordinance adopted earlier this year.

Commissioner of Utilities J. Cyril Glover said the notice is contemplated with acceptance of additional sewer lines as work nears completion.

As of now, everything north of U.S. 90 and southeast of the railroad tracks is ready, plus this area:

Balletine, Sycamore and Citizen Streets from Hancock Street to Old Spanish Trail; Washington Street from Hancock to the city limits; Keller from Warr to St. Francis. Barker from Watts to Old Spanish Trail; St. Francis from Washington to Labat, and Old Spanish Trail from Labat to Citizen.

The new A&P supermarket on the south side of U.S. 90 at Dunbar and Ruella Street was tied in for water and gas Tuesday.

of the request and went only to those projects where available local matching funds would permit an early start in construction.

Dr. Martinovich said all the authority needed to proceed on airport construction has been granted.

"The engineers have their authority to proceed as soon as funds are available. This from both the port and harbor commission and the board of supervisors," he said.

The Hancock County airport project has been endorsed by the National Aeronautics and Space Administration and the Mississippi Aviation Commission and Southern Airways has successfully filed with the Civil Aeronautics Board to service the facility as soon as same becomes operational. In the application Southern is asking for the field to become operational in 1968, said, in part, that they be permitted to transfer service from Picoyuna at that time and commence operation of Martin 404 or DC-9 jet service according to requirement.

Bay sewer equipment bids eyed

Bids came in Monday on equipment for the Bay St. Louis sewerage department and a change order to being prepared to finance the purchase through the county concentration fund.

Hogland Ford was the low bidder on two pick-up trucks at \$3,700 each plus trade-in.

Prices on the tractor, loader and hoe came from Sander Tractor of Gulfport, \$7,417.80; Coastal Machinery, of Gulfport, \$8,849.55; Hall Supply and Equipment of Jackson, \$13,000; and Equipment, Inc., \$10,311.

The air compressor at these prices: Coastal \$4,400.00; Equipment, Inc., \$4,640, and Hall Supply, \$4,850 and \$4,950.

Bids are now under study to see which best meet specifications.

PFC reported missing is safely back

"Our prayers and the prayers of his friends have been answered."

These were the sentiments of Mr. and Mrs. Arthur Smith of Waveland this week after they received a telephone call and telegram telling them that their son, Pfc. Robert G. (Gunn) Smith, service with the Special Service Section in Vietnam, had rejoined his unit.

Private Smith, whose letter on the war to his grandparents Mr. and Mrs. T.A. Smith of Clermont Harbor, was printed in the Echo Dec. 1, was reported missing in action and believed captured on Dec. 11, by the Viet Cong nor his "escape" are yet known here. He is back with his unit and reportedly in good health.

In his letter Smith, described the miserable conditions under which he, and the local population, live, asked for food, clothes and toys he could give to the South Vietnamese for Christmas.

City Echoes

Federal District Judge Dan M. Russell, Jr., and Senator James Eastland attended the Bluebonnet Bowl in Houston, Tex., last weekend and were among guests at a post-game party given by Gov. Paul B. Johnson, Ole Miss played Texas in the game.

Hostesses for a Christmas luncheon Wednesday at Bay-Waveland Yacht Club were Meses. John Kelly, Herbert D. Finley, Jr., John Pritchett, J. H. Duggan, Jr., Alfred F. McCaleb and R.W. Nicolson.

to continue the aid was by Alderman John Longo, seconded by Albert Grass. Alderman Dominick Sonier voted no. Grass commented on the guard, "Whenever we need them they're right there."

Mayor Garfield Lodner was reappointed superintendent of the gas and water works and street commissioner. Council ratified his appointment of Longo as first mayor pro tem and Grass as second mayor pro tem.

Efforts by the town to secure parking bays along the beachfront road were urged by Longo. He noted that the contract for repairs to the road should be let early in the New Year and some provision should be made for parking with the new sand berm as an attraction for visitors.

Report of the fire department for the last year showed nine house calls, 15 brush fires and one miscellaneous answered in Waveland. In the county, the department went to 17 houses, 37 brush fires and six miscellaneous and in Bay St. Louis, two houses and one brush fire.

All members were present. They recessed until 7:30 p.m. today when town employees will be paid for the month to give them some Christmas money.

Bogalusa nuptials join pair

The marriage of Miss Constance Crawford, daughter of Mr. and Mrs. L.B. Crawford of Bogalusa, La., to Robert Van Calsem, son of Mr. and Mrs. W.P. Van Calsem of Chantilly Terrace, Bay St. Louis, took place at St. Anthony's Church in Bogalusa Nov. 12.

Rev. C.D. Lewis, pastor, performed the double ring ceremony at 2 p.m.

Mrs. Eurus Thomas, cousin of the bride, sang and Mrs. C. D. Lewis was pianist.

Escorted by her father, the bride has a maid of honor her sister, Miss Parry Crawford. Kenneth Mount of Bay St. Louis was best man and usher was William Jennings of Bay St. Louis and Larry Pittman of Bogalusa, brother-in-law of the bride.

A reception followed in the church parlors. Two girls were Misses Phyllis Coulter of Pascagoula and Virginia Vandevender of Greenwood. Alternating at the punch bowl and serving cake were Miss Carmez Crawford, cousin of the bride, and Mrs. Larry Arnold. Her sister, Mrs. Larry Pittman, kept the bride's book.

After a brief honeymoon on the Gulf Coast, the groom has returned to Norfolk, Va., where he is assigned with the Navy aboard the U.S.S. Albatross. Mrs. Van Calsem, who is associated with General Electric Co. at Mississippi Test Operations, is residing at 1081/2 Carroll Ave.
